ASPERSINA VEGETAL TENSEUR MASK is a mask with tensor, anti-age, compacting and regenerating effect for your skin. This product releases a proper amount of active elements which act on different skin layers to give compactness, tone and elasticity clearly reducing the wrinkles and redefining face contours. After application, skin appears compact, smooth and wrinkles have diminished. Face profile is linear and compact. The strong and exclusive tensor effect of

ASPERSINA VEGETAL TENSEUR MASK is completely natural: a high concentration of energy and youth. This mask is perfect for a deep regenerating effect.

INSTRUCTIONS: put the mask on face and on perfectly cleansed décolleté. Let it act for 15 minutes and then wash. After treatment use Aspersina Moisturizer. Repeat treatment at least twice a week.
